

Silent power generation equipment

What is a Tecnogen Mega silent generator?

Watch the video to find out more... For the entertainment, events and movie sectors or any industry that needs silence without sacrificing power, our world-class TecnoGen Mega Silent generators are the most innovative, modern and quietest available that eliminate sound while providing continuous power.

Are all canopied generators silent?

Not all canopied generators are necessarily silent. Most still produce some level of perceivable noise. However, they don't produce enough to cause long-term damage to your ears. Exposure to noises over 85dB can start to do damage to the tiny hair cells in your inner ears, which will lead to hearing loss over time.

Are eu1000 generators quiet?

Dealer sets actual selling price. The EU1000, EU2200, EU3000, and EU7000 generators have ultra-low noise, making them ideal when quiet is key - like camping, RV use, home backup, & public events.
